

Ukrainian-German Bioenergetics Forum opens in Kyiv

The third Ukrainian-German Bioenergetics Forum launched its work in Kyiv within the framework of the **AGRO-2009** exhibition.

The forum's aim is sharing theoretical and practical experience in the sphere of biogas production between Ukrainian and foreign partners. Prospects of biogas production in Ukraine, support and legislative initiative, economic attractiveness of biogas products, example of the EU countries and other topical questions are discussed at the forum.

Agrarian Policy Minister Yuriy Melnyk, State Secretary of the Federal Ministry of Food, Agriculture and Consumers Protection of Germany Gert Lindemann, and Ukraine's Deputy Minister for Agrarian Policy Oleksandr Shevchenko at the third Ukrainian-German Bioenergetics Forum in Kyiv, June 12, 2009.
