

# Exhibition «AGRO-2013» in Ukraine

From May 22 till 25, 2013 the 25th International Agricultural Exhibition-Fair «AGRO 2013» was held at the National Complex "Expocentre of Ukraine" (Kiev).

The Exhibition has been for many years considered to be **the largest and most promising social event in the agro-industrial complex of Ukraine**. Every year the positive dynamics of quantity and quality growth of suggested services is maintained, the number of domestic and foreign participants from all agricultural sectors, as well as from food, processing and fish industries and agricultural machinery industry increases.

The experts of Group of companies «Unibox» visited Kiev to participate in the Exhibition «AGRO 2013» together with the representatives of our Ukrainian dealer – company of «Unibox-Ukraine».

Examples of modern agricultural machinery, milking equipment as well as the model of a dairy farm for 600 animals built and equipped with the application of effective agricultural technologies of «Unibox» were demonstrated at the Exhibition site.
