

Round table “Cow signals” during the Agro 2018

During the exhibition AGRO 2018 on the 8th of June, round table -training program for farmers and dairy enterprises “Cow signals” was organized by DUDC with the support of the Ministry of Agrarian Policy and Food of Ukraine and Embassy of the Netherlands in Kyiv.

The main goal of the round table was to show the possibilities for the educational institutions how to implement the “Cow signal” training program in their study programs for the students. “Cow signal” – that is unique methodology from the Vetvice/Cow signals training center in the Netherlands. It teaches employees on the farm how to understand the cows and react accordingly. Student can learn the behavior of the cow and get practice knowledges from the video-learning course “Cow signals” on online-platform by Vetvice. Rene Kremers – certified trainer of “Cow signals” made a presentation for the visitors about “Cow signals” and shared his experience and knowledge about training the farm employees.

DUDC very appreciated for the great support in organization of Round table the Ministry of Agrarian Policy and Food of Ukraine and the Embassy of the Netherlands in Ukraine, personally to Ms. Olga Trofimtseva – Deputy Minister of Agrarian Policy and Food of Ukraine on European Integration, Mrs. Alshanova Olena Olegivnain the Ministry of Agrarian Policy and Food of Unkraine, Ms. Carolien Spaans, Agricultural Counsellor of the Embassy of the Netherlands in Ukraine, Mrs. Irina Dudiak – Agricultural Assistant of the Embassy of the Netherlands in Ukraine.
