

1. Agricultural science and education

- 1.1 Research and development institutions
- 1.2 Educational institutions

2. Agricultural economy and agricultural management

- 2.1 Agricultural consulting
- 2.2 Agricultural management
- 2.3 Agricultural resources
- 2.4 Advisory services
- 2.5 Investment projects
- 2.6 Quality Management System of agricultural products

3. Agro-industrial construction

- 3.1 Hangars, carports
- 3.2 Building materials
- 3.3 Building of granaries, elevators, silos
- 3.4 Building and reconstruction of livestock and poultry facilities
- 3.5 Melioration and hydraulic engineering
- 3.6 Heaters, heat generators
- 3.7 Building and equipment of facilities and production lines
- 3.8 Greenhouses and film tunnels

4. Agrotechnics

- 4.1 Grain elevators, grain dryers, silos, bucket elevators
- 4.2 Spare parts for agricultural machinery
- 4.3 Harvesting machinery and equipment
- 4.4 Conveyors
- 4.5 Soil preparation machinery, tillage equipment and tools
- 4.6 Fertilizer and irrigation machinery and equipment
- 4.7 Machinery, equipment and tools for plant protection and cultivation
- 4.8 Planting and seeding machinery and equipment
- 4.9 Post harvest processing machinery, equipment and plants for fruits
- 4.10 Mobile and autonomous power plants
- 4.11 Forestry machinery and equipment
- 4.12 Repair and maintenance equipment for agricultural machinery
- 4.13 Hand agricultural tools
- 4.14 Tractors
- 4.15 Twine for machinery (presses and schaefers)

5. Agricultural transport and logistics

- 5.1 Isothermal vehicles
- 5.2 Logistics management
- 5.3 Oils, additives, paints, varnishes
- 5.4 Loading and unloading machinery and equipment
- 5.5 Mobile and mini petrol /gasoline / gas stations
- 5.6 Storage / Warehouse networks
- 5.7 Vehicles with refrigeration unit
- 5.8 Vehicles with tanks for transportation of solid materials
- 5.9 Vehicles for transportation of granular materials
- 5.10 Tanks, trailers

6. Agrochemicals

- 6.1 Plant protection
- 6.2 Chemical / mineral fertilizers

- 6.3 Organic fertilizers
- 6.4 Regulators and growth promoters / stimulators

7. Alternative energy

- 7.1 Wind energy
- 7.2 Solar energy
- 7.3 Geothermal energy
- 7.4 Mini hydropower plants

8. Bioenergy

- 8.1 Biofuel production plants and equipment
- 8.2 Biogas equipment and technology
- 8.3 Solid biofuel equipment and technology
- 8.4 Equipment and premises for silage
- 8.5 Raps and other plants for biofuel production

9. Veterinary medicine

- 9.1 Veterinary instruments
- 9.2 Veterinary preparations
- 9.3 Dispensers of medicines and vitamins

10. Livestock genetics

- 10.1 Genetic materials
- 10.2 Tools and materials for artificial insemination
- 10.3 Embryo transplantation
- 10.4 Equipment for the diagnosis of pregnancy / gestation

11. Information and communication technology

- 11.1 GPS and GIS systems
- 11.2 Automation in agriculture
- 11.3 Intelligent monitoring systems for agriculture
- 11.4 Agro meteorological stations
- 11.5 Precision farming
- 11.6 Management systems for agricultural companies

12. Information services, media

13. Feed industry

- 13.1 Machinery and equipment for fodder harvesting
- 13.2 Industrial food and feed additives
- 13.3 Equipment for the production of feed mixtures and concentrates

14. Laboratory and testing equipment

- 14.1 Equipment and reagents for microbiological studies
- 14.2 Libra
- 14.3 Measuring and control equipment
- 14.4 Laboratory furniture
- 14.5 Optical sorters, detectors

15. Melioration, irrigation, water management

- 15.1 Irrigation installations / systems
- 15.2 Container stations and water treatment equipment
- 15.3 Machinery and equipment for water and sewage works
- 15.4 Pumps, water filter, cleaning systems
- 15.5 Equipment for drainage
- 15.6 Sewage treatment plants and equipment for waste water treatment
- 15.7 Special machines and equipment for land melioration

16. Equipment for livestock farming and poultry

- 16.1 Livestock equipment
- 16.2 Stalls and stable equipment
- 16.3 Feeding and watering equipment
- 16.4 Milking equipment, pre-treatment of milk
- 16.5 Poultry equipment

- 16.6 Machinery and equipment for microclimate
- 16.7 Feed preparation and feeding equipment

17. Gardening, horticulture

- 17.1 Amateur seeds
- 17.2 Garden furniture
- 17.3 Fertilizers for gardening
- 17.4 Small gardening tools
- 17.5 Irrigation and watering for gardens
- 17.6 Garden architecture
- 17.7 Lawn mowers, aerators
- 17.8 Garden soil

18. Poultry breeding

- 18.1 Poultry farms
- 18.2 Ducks and geese
- 18.3 Chickens, turkeys, guinea fowls

19. Fish industry

- 19.1 Fishing equipment
- 19.2 Fish farms
- 19.3 Fish breeding

20. Plant growing

- 20.1 Auxiliary materials for plant growing
- 20.2 Cereals, potatoes, seeds, oilseeds, legumes, row crops, and other industrial plants
- 20.3 Machinery, equipment, tools for vegetable production, horticulture, viticulture
- 20.4 Seeds of agricultural plants
- 20.5 Vegetable gardening
- 20.6 Fruit gardening
- 20.7 Mushroom growing

21. Livestock Breeding

- 21.1 Cattle breeding
- 21.3 Horse breeding
- 21.4 Breeding of rabbits and fur animals
- 21.5 Sheep and goats breeding
- 21.6 Pig breeding

22. Work safety and hygiene

- 22.1 Personal protective equipment (PPE)
- 22.2 Equipment for cleaning and disinfection of vehicles and rooms

23. Utilization

- 23.1 Waste removal and waste pretreatment equipment
- 23.2 Microbiological treatment technologies

24. Food and food-processing industry (equipment, products)

- 24.1 Alcoholic and soft drinks
- 24.2 Non-alcoholic drinks, juices, water, coffee, tea
- 24.3 Confectionery
- 24.4 Canned food
- 24.5 Washing and sanitary equipment
- 24.6 Meat and dairy products
- 24.7 Packaging equipment
- 24.8 Food production and food processing equipment
- 24.9 Food storage equipment
- 24.10 Fish and seafood
- 24.11 Bread and rolls, bakery products
